Exterior

Super beautiful exterior-No dent No scratches No stone
chips at all !!! looks like brand new car !!!!!
*Lotec original Front bumper
*Lotec original Rear bumper
*Lotec original Front hood
*Lotec original Rear spoiler and hood
*Lotec original Front wide fenders
*Lotec original Rear super wide fenders
*Lotec original side steps
*Lotec original muffler
*Lotec original lowered hi-performance suspensions
*Euro white turn signal lenses + marker 94 grills by lotec choice
*19 inch F 235 R 295 wide chromed 2 pcs wheels Leon Hardritt
The car has too much horsepower that made rear body
fenders cracked but we stripped the car to the metal and
restored as brand new look car !! (not for accident)

Interior

Black leather interior is designed by Lotec and many
original parts equipped
Really grate looking nice condition
*Lotec original Recaro seats
*Lotec original steering wheel
*Lotec original gauges – 300km speed gauge is really
required for the car
*Many original dry carbon panels even for rear seat
section (see pictures-very beautiful)
*Mercedes Benz genuine performance pedals
*Turbo boost gauge is mounts by shifter
*Speed Rader detector (required for this car)
*Turbo timer (protect turbo hi-performance engine)
*Panasonic DVD 3DNavigation system
(calendar, schedule, Internet, Phone etc many systems in
this Navigation system)

You can use Internet service-controller has key pads too
 *TV monitor rear view mirror (You can use as TV or rear view camera monitor-no camera at this moment but you can hook)

Mechanical

Every functions are working perfect – nothing to say
 A/C works very cold !!
 All electric devices working perfect

Engine and Transmission

Engine

*Lotec complete turbo Engine 382hp is Very smooth and powerful in mint condition
 belts , seals , bearings are all replaced Last Oct 2006
 – very well maintained
 *No leaks No smokes Very smooth Mint condition powerful engine make you feel some very strong pulling sensation after turbo start works!!! Nothing like ordinary MB

Mission Clutch

*Shift Smooth – no TD Special ratio for this turbo engine Rebuilt last Oct 2006
 *clutch is very tight – new last Oct 2006
 *Drives like New car

Suspention

Special suspensions holding this monster machine very good

This car's suspension and brakes never give you worries and very reliable even with very high limit performance driving
 *Lotec original lowered suspensions-hi-performance shocks
 *Lotec high performance brake systems
 *19inch super wide wheels and tires hold this big power!!!

Front 235 40 19 Rear 295 30 19 85% tires

Important l location

***** THIS CAR IS STILL IN JAPAN *****
